Bible in Schools

The Ministry of Education now require all students attending Bible in Schools to have signed consent. Once given this consent can be withdrawn at any time with a phone call or message to the school office. The school Policy has been changed to reflect this and this will take effect from the beginning of term Three.

If you would like your child to continue to attend Bible in Schools each Friday please return the slip below. Students without signed consent will not be able to attend from week one of term three.

If you have any questions please contact me directly.

James Griggs

Principal
